In All Cases of Itching **Burning and Scaly Humors** with

**CUTICURA RESOLVENT** 

Of all the remedies for cooling and cleansing the blood and circulating fluids of itching, burning, scaly humors, none approach, in specific action, the wenderful properties of CUTICURA RESOLVENT. It neutralizes and resolves away thence its name, Resolvent scrotulous, inherited, and other humors, which float in the blood, and which give rise to swellings of the glands, pains in the bones, and torturing, disnguring cruptions of the skin humors, which float in the blood, and which give rise to swellings of the glands, pains in the bonnes, and torturing, disfiguring cruptions of the skin and scalp, with loss of hair.

CUTIGURA RESOLVENT extends its cooling, purifying influence by means of the pores to the surface of the skin, allaying irritation, inflammation, itching, and burning, and soothing external humors, because of its power to neutralize HUMOR-GERMS which float in the blood and circulating fluids. It exerts a purifying influence upon the bowels, liver, and kidneys, thus removing a common cause of yellow, mothy, sceasy skin, and more or less of pimples, blotches, and blackhoads. Many forms of debility, for which no cause can be discovered, are due to the presence of humors in the blood, bones, and fluids. CUTIGURA RESOLVENT poseesses, in the highest degree, humor expelling properties, and at the same time acts as a genite aperient, diversic, and digestive, it promotes the renoral bealth, while insuring the expulsion of humors which manifest themselves in the obscure forms of rheumatisms, goult, kiney pains, and liver troubles.

Mothers are assured of the absciute purity of CUTICURA RESOLVENT and its freedom from any ingredient that is in the losat objectionable in action, taste or odor. It is therefore readily taken by children of all ages and conditions, and should be freely given on the first appearance of humors, whether simple, scrotulous, or hereditary. It is also a mother's remedy, regulating and strengthening the maternal functions, while purifying the system of ulcerative weakknesses and humors.

It is economy to take it on every occasion possible, while using warm haths of CUTICURA JOAP to cleanse the skin of crusts and scales and soften the thickened cuticle, and gonife applications of CUTICURA Contiment to allay tiching, inflammation, and irribation, and scothe and heal externally, as the readlest means of insuring speedy, permanent, and economical cures, and readless means of insuring speedy, permanent, and economical cures, a
